**to compulsory
redundancies!**

**to working for a
subsidiary company!**

**to degraded
terms & conditions!**

THESE ARE OUR RED LINES!

By cutting jobs, degrading contracts and dividing the workforce with their proposed subsidiary company, SHU management is risking the future of the university and the quality of the education we can deliver to our students.

**UCU staff are striking to SAVE
Sheffield Hallam University!**

These cuts are NOT essential!

Our **alternative financial report** indicates that these cuts are **unnecessary** and will have a detrimental long-term effect of the reputation and future of the university.

HERE:**

The UCU branch of Sheffield Hallam University stands united against the proposed cuts to staff jobs (up to 130 potential redundancies). The move to employ staff via a subsidiary company will have a potentially devastating effect upon the teaching and research culture of the university as well as staff terms and conditions.

With these changes SHU management is risking the future of the university and the quality of the education we can deliver to our students.
